EDUCATION

Shri Shankaracharya Institute of Professional Management and Technology

2021 – 2025

B.Tech - Computer Science and Engineering - CGPA - 7.5

Raipur, Chhattisgarh

Glorious Higher Secondary School

2020 – 2021

12TH - CGPA - 9.3

Raipur, Chhattisgarh

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, SQL

Technologies/Frameworks: HTML5, CSS3, Javascript, TailwindCSS, Reactjs, MongoDB, Expressjs, Nodejs

Developer Tools: VS Code, MongoDBCompass, AWS, GIT, Github

EXPERIENCE

Dutta Integrated Services

Aug 2025 - Present

Role - Software Developer Intern

- As a MERN Stack Developer Intern, I developed a customer order tracking and analytics feature that monitored month-wise activity patterns to identify inactive customers. This initiative improved customer retention by 10% and provided actionable, data-driven insights that directly informed business strategy.
- Developed a responsive quiz web application with randomized questions, real-time interaction, and instant scoring feedback across all devices.

CodeQuotient

January 2024 - March 2024

Role - Internship Trainee

- Gained proficiency in HTML, CSS, JavaScript, and React.js by developing responsive, interactive web applications with optimized performance and industry-standard coding practices.
- Developed a responsive quiz web application with randomized questions, real-time interaction, and instant scoring feedback across all devices.

LoveinProperty Pvt. Ltd.

August 2024

Role - Frontend Developer Intern

- Developed responsive web interfaces using React.js and Tailwind CSS with scalable architecture, optimizing performance across devices and browsers.
- Optimized images and loading techniques to reduce page load time by 30%, enhancing cross-device performance and user experience.

PROJECTS

ECHOCIRCLE - A Social Website [🔗](#) | Reactjs, Expressjs, Nodejs, MongoDB

- Developed a secure web platform using JWT authentication and bcrypt encryption with scalable text and image post management features.
- I created a personal profile section and a secure user authentication system to control access. I built a dashboard to efficiently display and manage all user data with smooth functionality.

LINKZIPP - URL Shortner [🔗](#) | Reactjs, Expressjs, Nodejs, MongoDB

- Developed a complete URL shortener with secure user authentication and session management. Integrated click tracking and analytics to monitor link performance and user engagement.
- Implemented JWT-based session security to protect user data and ensure safe authentication. I designed and developed an easy-to-use interface that focuses on usability and smooth navigation.

CERTIFICATIONS AND ACHIEVEMENTS

- Earned a Web Development Certification from Udemy. The course covered key frontend and backend technologies.
- Achieved AIR 343 in the GeeksforGeeks Weekly Coding Contest. This shows strong problem-solving skills.
- Qualified at the college level for the Smart India Hackathon 2024 project submission.
